

Flea Treatment Prep Sheet

1. Vacuum carpets prior to treatment.
2. Make sure all areas are free of clutter to ensure proper treatment can be applied.
3. Wash/Dry any items used by your pets as a bedding area. Vacuum thoroughly as possible if wash/dry is not an option.
4. All people and pets will need to vacate for 2.5 hours from start time of treatment.

Post Treatment

Allow 24 hours after treatment before vacuuming. After this period, vacuum at least every other day for 2 weeks.

If needed, a second application may need to be applied within 2 weeks of initial treatment.
